About The Company

Madhusudan Durgesh Polymers Pvt. Ltd is a leading India manufacturer of plastic water tanks, chemical tanks, water bowzers, industrial and construction applications. With over 40 sizes of plastic tanks for water & beverage storage tanks, drinking water browsers to bunded chemical storage solutions, we work within many industries across the India offering a fast, easy and supportive experience to a diverse customerbase.

Whilst we offer fast nationwide delivery for off-the-shelf products, our manufacturing capabilities offer endless opportunities to clients looking for a more bespoke solution. Our in-house CAD Engineers and Fabrication teams work closely to offer tailored and effective solutions for even the most complicated of projects.

ISO 9001:2000 & India accreditations ensure we can stand behind our unsurpassed quality and product guarantees offering clients total peace of mind when specifying, sourcing and installing Madhusudan Durgesh Polymers Pvt. Ltd products.
